Promoting the personal and professional independence of individuals with disabilities by effecting systems change to eliminate barriers to employment.

SSI Calculation Worksheet: a customized, web-based application.

This worksheet can be used by service providers working with individuals with disabilities to help estimate the impact of beneficiary income (earned and unearned) on Supplemental Security Income (SSI) benefits. The program also calculates the effect of Social Security work incentives on SSI benefit payments.

SSDI Calculation Worksheet - a customized, web-based application

This worksheet can be used by service providers working with individuals with disabilities to help estimate the impact of beneficiary income (earned and unearned) on Social Security Disability Insurance (SSDI) benefits. The program also calculates the effect of Social Security work incentives on SSDI benefit payments.

Motivational Interviewing

- Change
- Lesson II: Principles of Motivational Interviewing
- Lesson III: Building Motivation for Change
- Lesson IV: Committing to Change
- Lesson V: Motivational Interviewing Skill Code

Interviewing and Hiring People with Disabilities

- Describe the legal framework for interviewing and hiring people with disabilities.
- Identify appropriate techniques for conducting an employment interview with people with disabilities.
- Explain the Americans with Disabilities Act requirements for pre-employment testing and processing of employment applications.
- Describe the major employment provisions of the Americans with Disabilities Act.
- Give examples of reasonable accommodations for employees with disabilities.
- Identify obstacles to workplace accessibility and recognize appropriate remedies.
